

wine list

look out for the local wine icon

If you are keen to try some wines grown in the Hermanus area, look out for the **"local wine"** icon on our wine list. We count local wines as coming anywhere from Elgin to Elim including Botrivier, Hemel-en-Aarde and Stanford.

le verre de vin

You can be assured that any wine that you are served **"by the glass"** from this wine list is served **FRESH FROM THE BOTTLE**. This is made possible by using the latest wine preservation technology called Le Verre de Vin.

This innovative technology is able to preserve open bottles of still and sparkling wine for up to three weeks with no loss of flavour, bouquet or sparkle. This allows us to offer a wider selection of wines by the glass and gives us confidence that every glass of wine we serve will be as the winemaker intended.

corkage

You are welcome to bring that special bottle of wine that you've been saving for a special occasion. There is just a nominal **corkage charge of R30 per bottle**.
